Belvedere, UK

*Worldwide Chemical Company*

## **Decommissioning And Removal Of Chemical Production Facility**

Henkel Chemicals Ltd, Required a contractor who could perform to the Highest Engineering, and Safety Standards. They chose Ebbfleet Engineering Services Ltd.

EES Ltd. supplied skilled labour, lifting tackle, tools, mobile cranes, forklift trucks, transport, scrap disposal bins, and equipment to mechanically dismantle the production facility at the Mulberry Way site.

All vessels and equipment lifted out in a safe and controlled manner, and in conjunction with Henkel Chemicals health and safety team, to CDM regulations. With EES Ltd producing all risk assessments and method statements.

Works included removal of all scrubbers, walkways, platforms, support steelwork, pipework, numerous vessels; nitric, caustic tanks and bunding, hydrofluoric acid vessels and building, lime silo etc. and finally to dispose of, in a safe, legal and documented manner.

Civil works incorporated breaking out of concrete bases and bunds etc and backfilling of water reservoir.

Additionally EES Ltd was contracted to relocate some vessels, and associated plant to storage, in readiness for shipment to Dubai.
